OW ISP Power DSL connections require 5 to 7 business days to connect the circuit if you are not with another DSL provider already.

The packages listed above are for specified transfer rates per month. If by chance you go over your designated amount, we will increase your monthly bill to the next applicable package. If you believe you are able to lower your transfer to fit into your prior plan's allocation, you may request a change back to your old package selection, change that will be applied as of the month after your request. For cancellation notices, we require 30 days written notification.
